For a more relevant, shorter CV, please go to <https://www.gertstulp.com/CV>. In this document I have been overly elaborate and describe some of the activities that occurred quite some time ago, and some that seem less relevant or even embarrassing to include in my current CV. It exists more to serve my memory than to be informative to you.

## Teaching

### Courses

2019-2025	Data Visualization	Coordinator and teacher.
2019-2025	Introduction to Data	Coordinator (up to 2022) and teacher.
2019-2025	Minor Data Wise: data science in society	Coordinator (up to 2022) and teacher.
2017-2025	Statistics 1A	Coordinator and teacher.
2016-2025	Statistics 1B	Coordinator and teacher.
2016-2018	Starting your first paper	Together with Professor R Veenstra and Dr. G Lodder.
2013	Statistics 4	Teacher and coordinator.
2013	Human Behavioural Biology	Coordinator, together with Professor AGG Groothuis.
2012	Capita Selecta in Evolutionary Psychology	Teacher and coordinator.
2011	Evolutionary Psychology of Interpersonal Processes	Teacher and coordinator.

## Presentations

### Invited talks

2026	Falling Fertility: Fears, Foundations & Fixes. <b>Keynote</b> at Amsterdam Reproduction & Development Symposium.
2025	Exploring the limits of predicting births using survey and administrative data. Max Planck Institute for Demographic Research, Rostock, Germany
2025	Social Freezing: hype of hope? CON. Nederlands-Vlaams Doelencongres Infertiliteit, Gyanaecologie en Obstetrie, Rotterdam, the Netherlands.
2025	Zwakke Banden, Goede Banen? Career Day Sociology, Groningen, the Netherlands.
2024	Predicting fertility outcomes with networks. Special Interest Group on Network Science, Utrecht University, NL
2024	Leveraging machine learning to understand fertility behaviour: what we learned from the Predicting Fertility (PreFer) data challenge. Workshop on Causal Inference and Machine Learning, Groningen, the Netherlands
2024	Social mechanisms underlying whether people have children. Institute for Advanced Study in Toulouse, France
2024	Life history theory and human behaviour. Herders Hut, Schiermonnikoog, the Netherlands.
2023	Introducing the PreFer data challenge and its potential for fertility research. ODISSEI lecture, Rotterdam, NL
2023	This mess we're in? Or how simulation and prediction will advance the social sciences. The Data Science Institute, Hasselt University, Belgium
2023	Collecting personal networks to study social influences on fertility behaviour. NetResilience seminar, Helsinki, Finland.
2023	Collecting personal networks to study social influences on fertility behaviour. POPNET connects, Amsterdam, NL
2022	This mess we're in? Or how simulation and prediction will advance (demographic) research. Evolutionary Ecology Seminar, University of Tartu, Estonia
2022	This mess we're in? Or how simulation and prediction will advance fertility research. NIDI seminar, The Hague, NL
2021	A roadmap on how to be as open as possible, and as closed as necessary. Official Launch Groningen Digital Competence Center, the Netherlands
2021	De mens: geëvolueerd, maar ook evoluerend? NIBI congres 2021, Egmond aan Zee, the Netherlands.
2021	Methodological challenges and theoretical opportunities of collecting large personal networks in large samples. Social Statistics Seminar, University of Manchester, UK.
2021	Simulating the evolution of height in the Netherlands in recent history. Workshop Height and Later-life outcomes. Radboud University, Nijmegen, the Netherlands
2021	Doing academic stuff builds your CV. Talk at workshop CV building. University of Groningen, the Netherlands
2021	Discussant at event Growing up in times of crises. (Bio-)social and evolutionary reflections on the impact of adverse early life experiences on later life at DGS – ÖGS – Soziologiekongress 2021, Vienna, Austria [online]
2020	6 rules of success that you shouldn't listen to. Talk at BCN alumni day. University of Groningen, the Netherlands
2019	Evolutionary aspects of human height: a long story short. <b>Keynote</b> at symposium at Institute of Evolutionary XXX MOET NOG AANGEVULD WORDEN
2019	Family planning in the Netherlands: social networks and fertility. Talk at Department of Demography, University of Groningen, the Netherlands
2019	Speaker and discussant at event Kinderen? Dat komt wel. Organised by Studium Generale, University of Groningen.
2019	Family planning in the Netherlands: social networks and fertility. Talk at Department of Sociology, University of Utrecht, the Netherlands
2018	Go Paleo? Evolutionary perspectives on human behaviour. <b>Keynote</b> at 5th Microbes in Health & Disease Science day, University Medical Centre Groningen, the Netherlands
2018	Families, Lifecourse, and Ageing Group. Talk at Lustrum Sociologie 80 jaar, Groningen, the Netherlands 2018 Interdisciplinary PhDs. Talk for the Honours College Social Association event
2018	Discussant in debate on Applying evolutionary reasoning to humans with Diana Fleischmann and Bettina van Hoven. Event organised by the Young Academy Groningen.
2018	Gezinsvorming in Nederland: sociale invloeden op de kinderwens. Talk at the NIDI-RUG Expert Meeting - Spitsuur van het leven

## Invited talks

- 2018 Evolved and evolving humans: The reproductive ecology of Industrial Societies. Ecology, Evolution and Environment Seminar at Sheffield University, UK.
- 2017 An evolutionary perspective on the association between wealth and fertility. Seminar at Dutch Demographic Institute NIDI, the Hague
- 2017 Crossing the Rubicon. Seminar for the grants week, University of Groningen, the Netherlands
- 2017 Advancing life course theories: a view from life history theory. Hanse-Wissenschaftskolleg Delmenhorst workshop "Advancing life course theories and methods: key challenges and solutions", Delmenhorst, Germany.
- 2016 A career in science: hard work and sacrifice (or not?). Seminar for the Behavioural and Social Sciences PhD day 2016, University of Groningen, Groningen
- 2015 Wealth, fertility, and adaptive behaviour. Sociology Seminar at Oxford University, UK.
- 2015 Wealth, fertility, and adaptive behaviour. Speaker and contributor to NESCent workshop "Integrating evolutionary models of human fertility change", Durham, US.
- 2015 Modern human adaptiveness: stone-age minds or ideas? Archaeology and Anthropology Seminar at the University of Bristol, UK.
- 2015 Modern human adaptiveness: stone-age minds or ideas? Behavioural Biology Seminar at the University of Bristol, UK.
- 2015 Evolutionary Adaptations and Unexplored Assumptions: questioning the mismatched stone-age mind **Plenary** at European Human Behaviour and Evolution Association conference 2015, Helsinki, Finland.
- 2015 Modern human adaptiveness: stone-age minds or ideas? Language and Social Interactions Group at the University of Glasgow, UK.

## Other Professional Experience

### Organisation & Management

- 2025-2026 Member NWO VENI committee
- 2024-now Responsible for rollout new software unirequest at Faculty of Behavioural and Social Sciences
- 2023-2026 Chair/member educational committee Sociology
- 2022-now Faculty-wide committee "Datagebruik", Faculty of Behavioural and Social Sciences, University of Groningen
- 2022-2026 Faculty-wide committee "Bindend Studie Advies", Faculty of Behavioural and Social Sciences, University of Groningen
- 2021-2023 Member NWO VIDi committee
- 2022 Nederlandse Sociologische Vereniging (NSV) thesis prize committee
- 2019-2022 Founding member and board member of Centre of Expertise Social Sciences Health and Wellbeing
- 2018-2019 Founding member of Young Enthusiastic Social Scientists - Behavioural and Social Sciences

## Organisation & Management

- 2016-2021 Elected member of Young Academy Groningen
- 2016 Lead organiser of the European Human Behaviour and Evolution Association conference 2016, London, UK

## Workshop, Seminar, and Symposium Organisation

- 2022 Gave workshop on Network data visualisation in R during Similarity, Selection and Influence symposium, University of Groningen
- 2021 Discussant at event Growing up in times of crises. (Bio-)social and evolutionary reflections on the impact of adverse early life experiences on later life at DGS – ÖGS – Soziologiekongress 2021, Vienna, Austria [online]
- 2021 Gave workshop on visualizing data in R with ggplot for Graduate School of Medical Science, University of Groningen.
- 2019 Discussant at event Kinderen? Dat komt wel. Organised by Studium Generale, University of Groningen.
- 2019 Organised Young Talents Grants week for early-career researchers at the University of Groningen
- 2018 Organised and hosted the event The Dutch National Research Agenda – what's in it for me? The art of building and joining a research consortium with the Young Academy Groningen.
- 2018 Discussant in debate on Applying evolutionary reasoning to humans with Diana Fleischmann and Bettina van Hoven. Event organised by the Young Academy Groningen.
- 2018 Organised workshop R for Sociologists together with Robert Krause
- 2018 Organised the Future of Funding event with the Young Academy Groningen.
- 2018 Gave workshop on visualizing data in R with ggplot at the Reproducibility & Open Science event.
- 2017-2023 Gave workshop R for Teachers for the Faculty of Behavioural and Social Sciences
- 2018 Organised the Reproducibility & Open Science event with the Young Academy Groningen.
- 2017 Organised the event Opening up Science: A Debate on Scientific Transparency and Reproducibility with Rosanne Hertzberger with the Young Academy Groningen
- 2017-2019 Gave workshop on visualizing data in R with ggplot for Centrum voor Informatie Technologie from the University of Groningen.
- 2017 Contributed to a round table discussion on a career in the humanities and social sciences for the PhD day University of Groningen
- 2017 Gave workshop on visualizing data in R with ggplot at the International Society for Human Ethology 2017 conference, Boise, US.

- 2015 Organised the symposium Evolutionary insights into "maladaptive" fertility: constraints, conflict and cooperation at the Human Behavior and Evolution conference 2015, Columbia, US.
- 2015 Invited participant of NESCent workshop Integrating evolutionary models of human fertility change, Durham, US.
- 2015 Organising the monthly Evolutionary Demography Seminar at the London School of Hygiene & Tropical Medicine.
- 2012 The Kurt Lewin Institute interpersonal processes research meeting, 2012, Utrecht University, Utrecht, the Netherlands.
- 2009 Organised the GRIEG (Groningen Interdisciplinary Evolution Group) symposium, 2009. University of Groningen, the Netherlands.

## Reviewing

*Advances in Life Course Research; Anthropologie - International Journal of the Science of Man; Annals of Human Biology; Animal Behaviour; Behaviour; Behavioral Ecology; Behavioral Ecology and Sociobiology; Body Image; Demography; Economic Modelling; European Journal of Social Psychology; European Sociological Review; Economics & Human Biology; Evolution; Evolution and Human Behavior; Evolutionary Human Sciences; Evolution, Mind and Behaviour; Evolutionary Psychology; Gedrag & Organisatie; Human Ethology Bulletin; Human Nature; Human Reproduction Update; International Journal of Psychology; Journal of Social, Evolutionary and Cultural Psychology; Journal of the History of the Family; Marriage & Family Review; Nature Human Behaviour; PeerJ; Population Studies; Philosophical Transactions of the Royal Society B; Proceedings of the National Academy of Sciences; Proceedings of the Royal Society B; Psychology & Neuroscience; Scientific Reports; Social Network Analysis and Mining; Social Psychology; Social Psychological and Personality Science; Social Sciences; Sociological Science; Trends in Ecology & Evolution. In Top 3 reviewers at Behavioral Ecology in 2017.*

## Public engagement

**Media occurrences:** I have given interviews for national (e.g., NRC, Volkskrant, NOS) and international media (e.g., BBC, NBC, The Independent, DailyMail, New York Times), including radio interviews (Hoe? Zo!radio Radio 538) and TV-appearances (OogTV, Japanese TBS).

**Media coverage:** My work is frequently covered in global news. A 2015 article on natural selection on height in the Netherlands received world-wide coverage and was included in Science's 2015 top stories of the year.

**Popular science writing:** I have also written about my work for a football website (Why football players (and referees) behave like animals, and why that's not an insult), for a Dutch psychology magazine (in-mind magazine), and for a Dutch sociology magazine (Sociologie Magazine).

**Public lectures:** I have given lectures for wider audiences, including a lecture for the opening of the academic year (Are we cavemen in the modern world?) and myth-busting of evolutionary myths at a music- and arts festival.

## Public engagement

**Public debates:** I have contributed to scientific public debates. For example, about evolution and human behaviour (Applying evolutionary reasoning to humans) and postponement of parenthood (Kinderen? Dat komt wel; with philosopher Stine Jensen).

## Open Science

I care about making science more robust and reproducible. This is why I am a founder of the Open Science Community Groningen. This community facilitates open science practices through workshops and lectures; connects open science enthusiasts; and stimulates responsible research practices through university policies. Perhaps the easiest way to be open about data is by providing good visualizations. This is why I have given many workshops and courses on data visualisation.
